Management's Responsibility for Financial Reporting

March 31, 2021

The accompanying consolidated financial statements of Ahousaht are the responsibility of management and have been approved by Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada and as such include amounts that are the best estimates and judgments of management.

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the consolidated financial statements and the external auditor's report.

The external auditors, Crowe MacKay LLP, conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of Ahousaht and meet when required.

On behalf of Ahousaht:

Executive Director

Date

Independent Auditors' Report

To the Members of Ahousaht

Qualified Opinion

We have audited the consolidated financial statements of Ahousaht, which comprise the consolidated statement of financial position as at March 31, 2021, and the consolidated statements of operations and accumulated surplus, change in net debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2021, and the results of its consolidated operations, its changes in its consolidated net debt, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Qualified Opinion

An approved budget was not prepared for all operating segments for the year ending March 31, 2021. Canadian public sector accounting standards requires the approved budget to be presented in the statements of operations and accumulated surplus and changes in net financial assets.

Financial information for Ahousaht Fishing Corporation, a Nation business entity, for the years ending March 31, 2021 and March 31, 2020 was not available at the audit report date. We were unable to determine whether adjustments to investments in Nation business entities, earnings from investments in Nation business entities, surplus (deficit) and accumulated surplus were necessary. Further, the financial statements of Ahousaht Fishing Corporation reported a payable to the Nation in 2016, which has not been recorded in the Nation's consolidated financial statements. We are unable to determine if advances to the business entity and adjustments to accumulated surplus need to be recorded.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Other Matter

The consolidated financial statements of Ahousaht for the year ended March 31, 2020 were audited by another auditor who expressed a qualified opinion on those financial statements on July 7, 2020. The report was qualified on the basis that a budget was not approved and financial information for Ahousaht Fishing Corporation was not available and the other auditors were unable to determine whether adjustments to investments in Nation business entities, earnings from investments in Nation business entities, surplus (deficit) and accumulated surplus were necessary.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of First Nation taken as a whole. The supplementary information included on the schedules on pages 30-162 is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Independent Auditors' Report (continued)

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

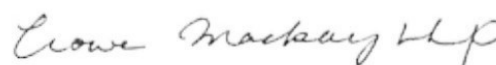

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ◆ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ◆ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- ◆ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ◆ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- ◆ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ◆ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Consolidated Financial Statements

March 31, 2021

1. Operations

Ahousaht (the "Nation") is located in the province of British Columbia, and provides various services to its members. Ahousaht includes the Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

2. Basis of Presentation and Significant Accounting Policies

These consolidated financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

(a) Reporting entity principles of financial reporting

These financial statements report only on the activities of the Ahousaht.

The Nation reporting entity includes the First Nation government and all related entities which are accountable to the First Nation and are either owned or controlled by the First Nation.

The Nation also prepares Financial Statements that consolidate the assets, liabilities and results of operations for the following entities which lend themselves to consolidation:

1. Ahousaht Education Authority
2. 1139763 B.C. Ltd.
3. Cha Chum Hi Yup Tiic Miss Society
4. Chimanah Wellness Centre - 1197013 B.C. Ltd.

All inter-entity balances have been eliminated on consolidation, but in order to present the results of operations for each specific fund, transactions amongst funds have not necessarily been eliminated on the individual schedules.

Ahousaht business entities, owned or controlled by the Nation's Council but not dependent on the Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the Nation. Thus, the Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post-acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified basis include the Ahousaht Fishing Corporation.

Ahousaht is a member of Ma-Mook Development Corporation. The Ma-Mook Development Corporation is an organization of five Nations, whose purpose is to control the Nations' interest in forestry operations. The Nation does not have a share in the profit or loss of the organization. As a result, the financial statements have not been consolidated in the financial statements of Ahousaht.

Ahousaht

Notes to Consolidated Financial Statements

March 31, 2021

2. Basis of Presentation and Significant Accounting Policies (continued)

(b) Segments

The Nation conducts its business through a number of reportable segments as described in Note 21. These operating segments are established by senior management to facilitate the achievement of the Nation's long term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed the significant accounting policies.

(c) Revenue recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Revenue of the Capital and Revenue Trust Fund is recognized at the time funds are contributed to the accounts held in Ottawa. Interest revenue is recognized when earned.

CMHC revenue is recognized as it become receivable under the terms of the applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt.

Rental revenue is recorded in the year it is earned. At the end of each year, management evaluates whether rent revenue is collectible and records a bad debt expense and allowance for doubtful accounts for those amounts designated as unlikely to be collected.

(d) Cash and cash equivalents

Cash and cash equivalents include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Ahousaht

Notes to Consolidated Financial Statements

March 31, 2021

2. Basis of Presentation and Significant Accounting Policies (continued)

(e) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Ahousaht's incremental cost of borrowing.

Amortization is provided for on a straight-line basis over their estimated useful lives as follows:

Buildings	4 to 5% Declining balance
Automotive equipment	30% Declining balance
Computer equipment	30% Declining balance
Equipment	20% Declining balance
Infrastructure	4 to 5% Declining balance
Boats and docks	15% Declining balance
Water and sewer systems	5% Declining balance

Tangible capital assets are written down when conditions indicate that they no longer contribute to Ahousaht's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

(f) Financial instruments

All significant financial assets, financial liabilities and equity instruments of the entity are either recognized or disclosed in the financial statements together with other information relevant for making a reasonable assessment of interest rate risk and credit risk.

March 31, 2021

2. Basis of Presentation and Significant Accounting Policies (continued)**(g) Use of estimates and COVID-19 measurement uncertainty**

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

At the date of publication of these consolidated financial statements, it is not possible to reliably estimate the length and severity of the COVID-19 pandemic developments and its potential impact on the First Nations financial results, conditions and cash flows.

3. COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared a global pandemic. The outbreak of the novel strain of the coronavirus, COVID-19, has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures have caused material disruptions to businesses, governments and other organizations resulting in an economic slowdown and increased volatility. Governments and central banks including Canadian federal, provincial, territorial and municipal governments have responded with significant monetary and fiscal interventions designed to stabilize economic conditions.

At the time of approval of these financial statements, in response to the COVID-19 pandemic:

- The Nation has considered the impact to Health Centres
- The Nation has pursued available government assistance programs.
- The Nation has implemented remote work arrangements for those able to do so.
- The Nation has implemented stringent health and safety procedures.
- The management of the entity has been proactive and diligent in addressing the implementation of infection prevention and other precautionary measures, guided by public health authorities, to limit the spread of COVID-19 and the impact of the pandemic and the related economic contraction on the entity.

The rapidly evolving event, including health and safety conditions, economic environment and resulting government measures, creates a high level of uncertainty and risk that may result in significant impacts to the entity's activities, results of operations and financial condition. The duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of any interventions. As such it is not possible to estimate the length and severity of these development and the impact on the financial results and condition on the Nation and its operations in future periods.

Under the terms of agreements with Canada Mortgage and Housing Corporation (CMHC), any annual operating surplus may be retained in an operating reserve, to be drawn against in the event of any future deficits. These funds, along with accumulated interest, must be deposited in a separate bank account. Funds may only be invested in accounts or instruments insured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time.

Under the terms of the operating agreements with CMHC, the replacement reserve is to be credited annually with agreed amounts. These funds, along with accumulated interest, must be held in a separate bank account, and invested in accounts or instruments insured by Canada Deposit Insurance Corporation, or otherwise approved by CMHC from time to time. The funds in the account may only be used as approved by CMHC. Withdrawals are credited to interest first and then to principal. At the year end date, the reserve was overfunded by \$40,097 (2020 - underfunded by \$62,243).

These contracts will be funded through long-term debt and contributions from the Nation.

16. Contingent Liabilities

Ahousaht has been named as defendant in certain legal proceedings. The Nation is actively defending all lawsuits. Since the amount of loss, if any, cannot be reasonably estimated, no provision has been recorded in these financial statements. Should a loss be incurred, it will be expensed in the year the liability is determined.

These consolidated financial statements are subject to review by the Nation's funding agents. It is possible that adjustments could be made based on the results of their reviews. Any liabilities resulting from these reviews will be accounted for as an expense at the time of resolution.

17. Economic Dependence

Ahousaht receives a significant portion of its revenue pursuant to funding agreements with the Government of Canada through Indigenous Services Canada ("ISC"). These agreements are administered by ISC under the terms and conditions of the *Indian Act*. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments.

18. Budget Information

The unaudited budget data presented in these consolidated financial statements is based upon information provided by management.

Amortization was not contemplated on development of the budget and has been recognized at the amount expensed in the current year.
